

Sunny Boy

Birth Year: 1997
Colour: Black
Height: 16.3
Grade Approved:
 Westphalia
 France
 Oldenburg
 Rheinland
Stud Fee: £700
Availability: Frozen & Chilled

Breeding

The federal champion and world champion dressage horse Sandro Hit disposes over upgrader qualities as a sire. He already had considerable influence on dressage horse breeding at an early age, not only in Oldenburg, but in almost every German breeding region. Even outside of Germany, many countries secured themselves the invaluable blood of the upholder of the Sacramento Song xx blood, as evidenced by the vice-champion of the KWPN approval of 2005, Valeron, who was the highest priced lot of the KWPN Select Sale at the sales price of Euro 150,000. Sunny Boy is a direct half brother of Classico, who had numerous Grand Prix dressage wins with Karin Rehbein under his competition sports name of Capuccino. He derives from one of the most accomplished marelines of German horse breeding. The dam Fantastica is a full sister of the champion Oldenburg mare Fabina and of the approved stallion Blue Hors Don Schufro, who became Danish dressage vice-champion under the saddle of Andreas Helgstrand in 2004 and was part of the selection team for the 2004 Olympic Games. Blue Hors Don Schufro has led the FN breeding value rating for dressage uninterruptedly for four years now. His bloodline is identical to that of Don Primero, who was equally outstanding in both breeding and sport. The predisposition for dressage is guaranteed via Donnerhall and Pik Bube I. The damline, which is based on the mare Kemandina (by Kirkland), was broadly disseminated via the Vornholz studfarm. This bloodline also brought forth the stallions Adelfos (private stallion Switzerland), Aldato, Caracol, Godeward and Ribot (all private stallions Westphalia), Dozent (Dillenburg state stallion), Fürst (Osnabrück state stallion), Good Year, Palisandergrund, Polany, Radetzky (all Warendorf state stallions), Granulit (Oldenburg state stallion), Novize (Celle state stallion) and Rio Negro (Holstein Association; private stallion Bavaria)

Performance

Sunny Boy was declared a I-i premium stallion at the 1999 Oldenburg Stallion Days. He attained record results in his 30-day test in Vechta and following that, won dressage horse classes up to elementary (L) level. In 2003, Sunny Boy won the semi-finals of the Federal six-year-old Dressage Horse Championship in Warendorf and had a number of placements up to intermediate (M/A) class.

Progeny

Sunny Boy had an excellent start in his career as a sire, with a great number of premium foals. In 2006 Sunny Boy trumped with the utmost modern, spectacular mover and correspondingly top-priced premium stallions (Oldenburg: 120,000 euros, Westphalia 180,000 euros). To date Sunny Boy has over 14 approved stallions to his name. In 2006 many elite auction horses and foals have been sold for above-average prices. Almost the Best was distinguished in Rastede. His highly successful progeny have brought Sunny Boy a breeding value of 140 points
